

Alaska the Fox ~ Kitsune

Alaska is a beautiful fox. Yes, her cunning and sly nature are some of her attributes, but she is also softly spoken. She is petite, a cross between an island fox and a kit fox.

A mistress of stealth, her looks can turn a wolf's head from a mile away. Such is her beauty, but don't let that fool you; she can run, hide, and fight with the top species of wolves if needed.

Alaska plays a vital role in the council. She detects tricks or hidden agendas and forms her own whenever needed.
